I wish I had a dime for every time I was called a conspiracy theorist for aspousing this during the last 20 years.

The US learned everything they know about drug trafficking from the British.

@truthbeyondthemind 3 days ago

American government cannot be trusted, ever, and the CIA is the world's most evil, corrupt organization in the world. Thank you for the truth and facts, Chris Hedges.

I'm ashamed to be American right now! These people are insane with insatiable greed with zero empathy or compassion for human life! My daughter spent a DECADE addicted to heroin and fentanyl and is finally sober!

The Sackler Family intentionally created the opioid crisis with Oxycontin. Then they laughed about it in an internal company email. Nothing happened to them, unreal.

Had a brother return from Afghanistan and they had been tasked with securing and protecting certain assets. Came back with so much cash on him taped onto his body aboard a military plane that he looked like he gained weight despite deploying. Nobody questioned it because so many tier 1 guys were doing it. Why the opioid crisis spiraled out of control: we brought the drugs and cash back on military planes into the US. Special operations is just a giant criminal cartel enterprise.
